

Troy Loh - Matrix Group -Tea Tree Renovation - Jamisontown

Stephen was referred to me by friends of mine who had used the services of Stephen to do a couple of jobs one being a dual occupancy the other a commercial renovation. Both jobs were designed with excellence and accuracy.

I found Stephen listened to what I wanted to achieve for this home additions. Stephen also thought outside the box by delivering a design that I thought not possible. He opened up the plan and designed to the Comply and development codes to achieve the goals I wanted. His attention to detail and professionalism were second to none. I was the builder and home owner of these additions, I have seen many plans before and his plans were of the highest quality, very detailed and concise. Without hesitation I would highly recommend Stephen (Concise Architectural Drafting Designs) to assist you with the design any plans for your new home or renovations.
